The EHR that adapts to your workflow, **not the other way around.**

Frustrated with a generic EHR that doesn't fit your unique needs? Time to make the switch to IMS, your all-in-one, multi-specialty EHR that's specifically designed to streamline the complex workflows of Federally Qualified Health Centers (FQHC) & Community Health Centers (CHC).

IMS is a 2017 NCQA PCMH Prevalidated Vendor.

1st★Providers Choice
Where Customer Service is Our #1 Focus

All That You Need In One, Robust Solution

1

All-In-One, Multi-Specialty EHR System

Get 25+ unique specialties such as dental, internal medicine, family practice, behavioral health, and optometry in one powerful platform.

2

Grant Tracking

Streamline and expedite the grant process by easily managing all of your grants in a single dashboard. Automatically track patient grant eligibility and apply information to the sliding fee scale.

3

Sliding Fee Scale Automation

Minimize errors and maximize your revenue with our module that automatically determines patient sliding fee scale eligibility and calculates fee adjustments.

4

Telemedicine

Provide patient care anywhere via online video consultations. Reach more patients while cutting costs with our directly integrated Televisit module.

5

Medicare Prospective Payment System (PPS)

Automatically add PPS payment codes (G Codes) to claims, identify billable visits in the same day, and post the visit charges on a single claim.

Community Health Tools, Designed for You

6

Medicare Split Billing

Accelerate the Medicare Part A and Part B billing process by simply entering a single bill for both. Our system then automatically detects which payer the service needs to be billed to.

7

Automated Wrap Billing

Reduce duplicate efforts by auto addition of T codes for Medi-Cal, and automatically create a wrap bill as soon as a bill is generated.

8

Integrated UDS Reports

Run reports to get paid with the right amount at the right time. Get UDS reporting templates that are constantly updated to keep you up-to-date with changing reporting requirements and ensure you obtain crucial funding.

9

24/7 Personal Support Team

Get your own personal team of experts that work alongside you and help with software implementation, training, and maintaining UDS compliance.

"Using IMS has really allowed us to keep much better, more complete documentation. We now have the opportunity to improve care and identify any gaps through data analysis and care management."

- Pat Willis, Chief Nursing Officer, Big Sandy Health Care, Inc.
