Solentary Work: Exerting up to 10 pounds of force occasionally and/or a negligible amount of force frequently including the human body. Sedentary work involves sisting most of the time, but may involve walking or standing for brief periods of time. Jobs are sedentary if walking and standing are required only occasionally and all other sedentary criteria are met. Light Work: Exerting up to 20 pounds of force occasionally, and/or a negligible amount of force constantly to move objects. A Job should be rated Light Work; (1) when it requires walking or standing to a significant degree: or (2) when it requires working a a production rate pace entailing the constantly sunding and/or pulling of any or leg controls, and/or (3) when the job requires working and propulation rate pace, especially in an industrial setting, can be and is physically demanding of a worker even though the amount of force exerted is negligible.
